## PUBLICITY PLAN HELPS GLENDALE

STATE-WIDE CAMPAIGN WILL BE CONDUCTED IN BEHALF OF C. E. GATHERING

## BOOST CONVENTION

NUMBER OF NOVEL PROJECTS ARE PROPOSED TO BRING MANY HERE IN JUNE

State-wide publicity will be given to the city of Glendale through the cry of "June 25 to 29, Glendale for mine," by thousands of California Christian Endeavorers.

When one Endeavorer meets another the first will say, "June 25 to 29," and the reply will be, "Glendale for mine."

That, at least, is the prediction being made among leaders in the organization familiar with the plans being made for the state C. E. convention to be held in Glendale on those dates and which, it is estimated, will be attended by between 3,500 and 4,000 persons, including a big delegation from the northern sections of the state.

At the last meeting of the Glendale Christian Endeavor Convention committee some very unique advertising plans for the coming state convention were described by Carl Bundy, vice-president of the state C. E. union and the one who is to have charge of the publicity.

**Glendale To Be Boosted**

The plan, in part, is to inject some personality into all advertising in connection with the state convention. This is to be done by capitalizing on the name Glendale. In posters, letters, etc., are to be featured two little children in Spanish costume, whose names are Glen and Dale.

At the county convention of Christian Endeavorers at Whittier, March 18 to 20, Glendale will come in for a large amount of publicity also. Saturday, the 19th, is to be "Glendale Day." A parade will be a big feature, in which "Glen" and "Dale" will have a conspicuous part.

**Committee Is Chosen**

The Glendale convention committee has appointed the following committee to be responsible for the publicity at Whittier on Glendale day:

J. A. Newton, Ethel Preston, Carol Duncan, Harold Cross and Glenn Moore.

State C. E. union officers say they are practically sure of having Ira Landreth, a man of national reputation, as one of the speakers on the program here June 25 to 29.

While he was in the Denton mansion on June 5 repairing a water heater, Crowhurst testified, Mrs. Peete warned him not to enter a little room in the cellar. Denton's body later was found in that room. He is supposed to have been shot to death on June 2.

Mrs. Peete became extremely nervous while he was fixing the heater, the witness said, and complained that the noises made by the heater sounded like "graveyard groans."

## KENNETH ROAD

STREET OF BEAUTY AND HAS MANY FINE HOMES; SOME GROUNDS EXTENSIVE

A street of great beauty is Kenneth Road, which extends west from the north end of Central avenue to Grand View avenue.

Many large and beautiful homes, some of them set in the midst of extensive ornamental grounds, line this thoroughfare and more are projected.

Most of these people consider themselves residents of Glendale and were signers to the petition asking for annexation of that and other districts.

Among the dozen or more new residences along Kenneth Road are two with the comparatively new feature of home and garage combined. One is at the corner of Central avenue on one of the lots recently sold in David Black's new subdivision. The other is Dr. Kate Sheppardson Black's at 1815, which is of two stories and has plastered exterior.

# DRESS REFORMS

**HENRY R. HARROWER WRITES SUGGESTING ACTION BE TAKEN IN GLENDALE**

The board of education in the city of Long Beach recently adopted a resolution restricting the dress to be worn by the girls attending the Long Beach High school.

Henry R. Harrower, head of the Harrower Laboratory, 702 East Broadway, this city, noticed the "story" of the action of the board as published in the newspaper and he has written his views on the subject.

The resolution contains the following provisions:

No paint or powder.

No extreme hairdress or large, fancy combs.

No immodest openwork or lace stockings.

No fancy garters conspicuously worn.

Only Cuban or low, straight heels and a suitable dress with a modest neck line and of modest length shall be worn.

Mrs. Anna M. Gilbert, dean of the Long Beach high school, recommended passage of the resolution.

**Writes Letter on Subject**

The "story" appearing in the newspaper has brought forth the following letter from Dr. Harrower, addressed to the editor of The Evening News:

"My Dear Sir:—I note in a Los Angeles newspaper a reference to some action that was taken by the Long Beach board of education in regard to restrictions on the dress and personal appearance of girls attending the Long Beach union high school. Doubtless the majority of your readers have seen this reference as it was found in quite a prominent place in the newspapers. Attention should be called to a state of affairs in our own Glendale union high school which obviously calls for similar action.

**Urges Action Be Taken**

"It seems a shame that in a respectable and well-balanced community like Glendale, so many of the young girls have to resort to paint and powder in order to add to their presumed attractiveness. As a matter of fact, this is nothing but an imitation of the despicable "filles de joie," of whom the less said the better. Since the continued use of the powder puff or the rouge stick tends to inculcate a feeling of superiority and vanity in those who use them, it would be a splendid thing if those in charge of our schools could interfere in the manner that has been done at the suggestion of Mrs. Gilbert who is in charge of the Long Beach high school.

**On Dressing of Hair**

"I think that similar suggestions are in order in regard to the present day conspicuous and by no means beautiful methods of dressing the hair, and if you can give publicity to this and it should result in some action similar to that taken in Long Beach in regard to this matter also, it would be a great advantage to many, both to those who wear and those who bear!

"Bearing in mind the well-considered warnings given to us recently by such prominent educators as Drs. Sara A. Wise and Winfield Scott Hall and applying their advice in our own midst, why should not an attempt be made to curb ill-conceived tendencies on the part of immature persons to make themselves unduly conspicuous to their own as well as the opposite sex? I may be "narrow-minded" and "old-fashioned," too, but still I am not afraid to express myself; and do so in the hope that others will use their influence in the right direction.

"Very truly yours,
"HENRY R. HARROWER."

**STUDY BATTLESHIP OF FUTURE**

WASHINGTON—The Navy General Board has been instructed by Secretary Daniels to investigate the probable design of "the type of ship that will form the main strength of the future navies of the world" and particularly into the possibility of aircraft and improved submarines displacing capital surface vessels, it was learned.

In his letter directing the study, Secretary Daniels said:

"It seems to be evident that this Congress is not disposed to authorize the construction of any capital ships and, due to the amount of construction work in hand, the department has not urged the authorization for any battleships other than those which are under construction.

"The department feels, however, that the question of design in construction of battleships is an important one. It is noted that this is extensively discussed in the public press, in regard to the type of ship which will form the main strength of the navies of the world in the future. Some well-known writers are expressing their opinion that the battleship will, at an early date, no longer form the backbone of the fleet but that ships of the air and ships of the submarine type will be the powerful ships."

# WORK TOGETHER

**VARIOUS CIVIC BODIES OF THE VALLEY CONSIDER PLAN TO ASSIST DISTRICT**

The cities of the San Fernando valley, Pacoima taking the lead, are considering the plan of having their Chambers of Commerce work together in planning for the growth and welfare of the valley as a whole.

The first joint meeting was held in Pacoima and attended by 100 representatives of the civic bodies of Pacoima, Burbank, Van Nuys, Owensmouth, San Fernando, Zelzah, Marion, Hansen Heights and one or two other points.

Judge R. M. Widney voiced the prophecy that the valley would double its population and produce $100,000,000 worth of products in a few years; that the time was not far distant when 200,000 people would reside in the valley, when every street would be paved, electrolier systems installed, and the land price boomed to $5000 an acre.

**Valley Is Gaining Fame**

San Fernando is gaining fame, not only as the richest farming valley in the world, but as a home center, he said.

The water situation seemed to be the object of greatest concern to those present, especially the ranchers.

Glendale's Chamber of Commerce, when its organization is completed, will doubtless be asked to join in this movement, it is stated.

Official reports received by the bureau of foreign and domestic commerce indicate that a number of British firms are canceling shipbuilding orders and that this has had a very disquieting effect on the industry. Constantly rising costs of manufacture are said to be responsible for the withdrawal of orders.

# CHOSEN DIRECTOR

**PROFESSOR WILLIAM A. BRYAN IN CHARGE OF MUSEUM; HAS RELATIVES HERE**

Prof. William Alanson Bryan, whose appointment as director of the Los Angeles county museum of history, science and art has just been confirmed by the board of supervisors, was born in New Sharon, Iowa, and he has many close friends from the Hawkeye state who reside in Glendale and its sister cities about Los Angeles.

After graduating from the Iowa state college at Ames, in 1896, he went immediately to the University of Chicago, where, as extension lecturer on museum methods he formed a wide circle of acquaintances among the friends of the universities and museums of the middle west. He was soon called to the position of curator in charge of one of the important departments in the great Field Columbian museum in Chicago. From this position he was requisitioned for special work in the world celebrated Bishop Museum of Ethnology and Natural History in Honolulu, Hawaiian Islands, where he served as curator for a number of years. At the inauguration of the college, later the University of Hawaii, he was called to the chair of zoology and geology in that institution.

**Scientific Research and Travel**

At the time of the death of his wife, Dr. Elizabeth Letson Bryan, D. Sc., who, prior to her marriage was the director of the Buffalo society of natural history museum, he was granted an indefinite leave of absence from his duties at the University for scientific research and travel.

On his return from an extended journey through South America the vacancy in the directorship of the Los Angeles museum was brought to his attention with the result that he has been appointed to the position held by the late Frank Dagget, and he will assume the duties connected with this growing institution at once.

**Of Wide Experience**

Professor Bryan is a scientist of wide experience, a world traveler, a public lecturer and author, having written more than one hundred scientific papers in addition to his Natural History of Hawaii, a handsomely illustrated volume, which was the outgrowth of his work in his chosen field in the islands.

Since his return from Honolulu he has been making his home with his brother-in-law, H. D. Goss, on East Harvard.

His aunt, Mrs. R. D. Goss, is much gratified at his appointment, particularly since she placed the collection of the late R. D. Goss with this institution.

# GREATLY PLEASED

**STORY IN THE EVENING NEWS ON NEW BILLING MACHINE IS VERY WIDELY READ**

J. F. McIntyre, commercial agent of the public service department at the city hall, says that The Evening News account of the new billing machine recently installed in the office had been read in the Los Angeles office of the company that furnished the machine.

A representative sent out here said his company was greatly pleased with the accuracy of the description given of the machine's working.

This article was seen in Redlands, also, as an attache of the city hall there wrote to Mr. McIntyre, making inquiries about the machine and how it was ''ked by the Glendale officials.

BALTIMORE—Rev. Chas. B. Schrantz, president emeritus of St. Charles college, a Catholic institution near here, refused to join in a celebration and banquet in his honor, prepared by the supplication priests on the occasion of the fiftieth anniversary of his ordination, because, he said, "I will not join in any celebration as long as there are starving people in Europe."

**New Bakery Is Opened**

The attractive new white bakery of Fischer & Cunningham, at 142 North Brand boulevard, opened its doors to customers today. It starts out with a modern plant for the making and sale of bread, rolls, pies and cakes, cookies and pastry.

A new oven with a capacity of 220 loaves at a baking has been built under the direct supervision of Fred Fischer, who has been a baker as long as he can remember, he says. He was located in Long Beach for a number of years, where he was known as one of the premier bakers of the city, especially in the way of fancy pastry. Mr. Fischer and his family are living at 306 North Cedar.

W. A. Cunningham is quite a young man, who is considered an expert salesman of bakery goods. He is an expert stock-keeper and keeps everything clean and attractive in appearance.

The new firm says it starts off with bright prospects. Two orders for fancy birthday cakes came in yesterday from people who knew of Mr. Fischer's skill in this line.

# WARNING IS GIVEN.

### JUDGE LOWE DECLARES THAT SENTENCE TO JAIL WILL FOLLOW VIOLATIONS

There are still many autoists who seem to think the law regarding headlights and tail lights is merely a joke, says Judge F. H. Lowe.

One of this class of offenders, a young married man who had persisted in his neglect to keep lights on, was recently haled before the judge and given a $15 fine as well as a five-day jail sentence. For the sake of his family the judge suspended the jail sentence on good behavior.

Another young driver of a delivery truck was arrested on complaint of a business man for reckless driving with lights out. He entered a denial, but the burden of proof was against him, so a $75 fine was assessed.

These cases are mentioned, without giving the names of the offenders, in hopes that others will take warning, for Judge Lowe says he is determined to break up the practice of reckless driving and failure to show lights if it takes jail sentences to do it.

### PLAN TO EXTRADITE WAR HERO

MARTINEZ—Lester J. Bradshaw, war hero, lion of society and until recently trusted clerk in a Richmond bank, is under arrest at Sydney, Australia, pending extradition to the United States on five counts of alleged forgery, according to a cablegram received from the chief of police of Sydney by Sheriff Veale of Contra Costa county.

Bradshaw was indicted here, charged with absconding with a total of $10,000 in funds from a Richmond bank, by means of the alleged forgery of the name of Andrew Nelson, banker.

Extradition proceedings were started. Bradshaw served with the Australian forces during the war and after the armistice came to Berkeley and later to Richmond where he won a high place in society. When he was married a few weeks ago he and his bride were widely entertained in Los Angeles.

Asserting that the wealthy fox hunting clubs of Philadelphia have imported foxes which have propagated so fast that thousands of dollars' worth of poultry is killed annually, the farmers in that vicinity intend to petition the legislature for action against the hunting clubs and foxes.

# SALE BY AUCTION

### MANY PEOPLE ARE TAKING ADVANTAGE OF METHOD TO DISPOSE PROPERTY

Two years ago a large number of stocks of merchandise, particularly groceries, were sold at auction, but now business of this nature seems to have shifted to a large extent to real estate, particularly homes. Judicious advertising of C. H. Conner & Son, auctioneers, in The Evening News, brought many people yesterday to the sale of Mrs. Ella W. Richardson's home at 525 South Central avenue and on Monday to Dan Carney's two properties on Windermere avenue, Eagle Rock.

One of these and a vacant lot beside it, were sold to Miss Meta Van Burstiel and the other to Mrs. Catherine Trau of North Verdugo Road. The houses were of five and six rooms and both were new.

The bidding on both was very brisk, said Mr. O'Conner, and they were sold in a very few minutes. Just the opposite was the case with the Richardson home, more than two hours passing before the final bid of $15,000 was made.

**Secure Beautiful Home**

The successful bidders, Mr. and Mrs. Charles Marshall, are to be congratulated on having secured a beautiful, commodious home, set in the midst of beautiful grounds, at what experts say is a very reasonable price. The Evening News is confident they will be charmed with their new home and the city of their adoption in sunny California.

Friends of the Richardson family are glad they are not to leave Glendale, but will live in their property at 317 North Brand boulevard. Their furniture was not sold with the Central avenue house.

**Many People Inspect Home**

Many people of wealth have inspected the home since the announcement was made that it was to be sold at auction and was open for inspection. Included in those visiting the attractive residence have been retired bankers, army officers and professional men.

"A very pleasing and refined class of people have looked at my home since it became known it was to be sold," said Mrs. Richardson to The Evening News just previous to the auction yesterday. "Some of them came back for the second or third time, indicating that they were really deeply interested in the place.

"I feel that I was fortunate in securing the services of Mr. O'Connor to have charge of the sale, for he has been an auctioneer for the past thirty-five years and of that period he has been in southern California for about seventeen years. His firm has a large number of offices in the Pantages building in the city of Los Angeles."

Mr. O'Connor, it was further stated by Mrs. Richardson, placed a man in charge of the residence whose duty it was to show people over the premises. Every courtesy was accorded to prospective bidders and, in brief, Mr. O'Connor and his staff, as the result of years of experience, were able to handle the sale in the most efficient manner for all concerned.

**House Is Well Constructed**

The home secured by Mr. and Mrs. Marshall, who came to the south from Nebraska, has an excellent view of the mountains. The grounds are very attractive. There is a large tennis court, fine shade trees, rose vines, flowers, a fish pond and a two-car garage.

It is stated by those who have gone over the house that it is very well constructed, all materials being of the best. There is a large porch of concrete across the front of the house. There are living rooms, a den, reception hall, beamed ceilings, old-fashioned fireplace, large dining room, a buffet and, in fact, everything to make up a modern, attractive home. The price of $15,000 was given in cash and Mr. and Mrs. Marshall take possession in a month.

The kitchen is ideal, extra large cupboard space being provided, also a pleasant breakfast room. There is a large porch with laundry trays, lavatory, broom closet and storeroom. Three bedrooms, unusually large clothes closets and two baths, large closets and built-in effects are also features. There is a spacious amusement room on second floor. Extra large concrete and brick basement, gas furnace, Superbo water heater.

Reports have been received from Tokio by the department of commerce to the effect that the Japanese dyestuff industry can in no wise compete with American or German products. This is a disappointment to Japan which had levied a 35 per cent import duty to protect home interests. Lack of technical skill is largely responsible for the failure.

A Wichita, Kan., minister sent his sermon to a half dozen cities recently by wireless telephone.

### MANY WOMEN USE GLYCERINE MIXTURE

Glendale women will be surprised at the INSTANT pleasant action of simple glycerine, buckthorn bark, etc., as mixed in Adler-i-ka. One spoonful relieves ANY CASE gas on stomach or sour stomach. Because Adler-i-ka acts on BOTH upper and lower bowel it often cures constipation and prevents appendicitis. One lady reports herself CURED of a bad case of bowel trouble and constipation.—Roberts & Echols, druggists.

# PLEA FOR LODGE

### TUESDAY CLUB MEMBERS HEAR STATEMENT RELATIVE TO MONTE VISTA PROJECT

Mrs. J. T. Anderson, chairman of county Council of Community Service, was introduced to the members of the Tuesday Afternoon club at the regular meeting held in Masonic Temple, Tuesday, January 25, by Mrs. C. E. Hutchinson, president of the club. As mentioned in yesterday's Evening News, Mrs. Anderson made a plea for the Monte Vista lodge. She also told of some of the other activities of the County Council. Following are some extracts from her talk:

"The County Council of Community Service was introduced to the members of the Tuesday Afternoon club at the regular meeting held in Masonic Temple, Tuesday, January 25, by Mrs. C. E. Hutchinson, president of the club. As mentioned in yesterday's Evening News, Mrs. Anderson made a plea for the Monte Vista lodge. She also told of some of the other activities of the County Council. Following are some extracts from her talk:

"The County Council of Community Service is composed of 621 units scattered over the county. The sum of $40,000 was expended during the Christmas season on investigated cases. The loan bureau, which had as its nucleus $150, has reached the amount of $4,000 and is turned over several times a month. This fund has made possible the opportunity of keeping people from becoming objects of charity when illness or temporary loss of work befell them.

**Care for Many Children**

"Five hundred and seventy-nine children are continually kept in summer vacation camps. Sixteen thousand dollars has been expended for milk during the last year, and this has all been made possible by donations.

"The council has purchased Monte Vista lodge at La Crescenta for $9,000 and will use it to house and care for convalescent children of the poor. There are forty-one rooms in this house and various communities, through their women's clubs, will each furnish a room. As Mrs. R. W. Meeker has pledged Glendale to furnish the kitchen, Mrs. Anderson asked for the support of the club in this connection."

# LAST OBSTACLE

### FINAL LEGAL BLOCK TO PLAN FOR TUNNEL AND ROAD TO GLENDALE IS REMOVED

The last legal obstacle to the Second street tunnel project in Los Angeles has been cleared away and work will commence some time next month, it is stated.

An owner of property in the assessment district who lives in Canada was induced to apply for an injunction against the bore. A temporary injunction was granted, but when the case was argued before Judge Bledsoe he refused to make it permanent.

So it is probable that before the year 1921 is near gone, autoists can start from Brand and Broadway and reach Second and Broadway, Los Angeles, in less than thirty minutes without violating the traffic law.

**Route to Be Followed**

The route will be south on Brand to the city limits, then along Glendale boulevard across the river at Ivanhoe, up over the hills by Silver Lake and on over what used to be Ivanhoe avenue, Alessandro street, Glendale avenue and Lake Shore avenue, but which is all now Glendale boulevard, to Second street, then east on that street, through the tunnel to the heart of the business district.
